

TALLGRASS ONTARIO

Who we are, what we do...

Tallgrass Ontario (TgO) is a not-for-profit organization (est.1999) whose role is to direct, recover and conserve a representative network of tallgrass communities, and to recover and protect the full complement of plant and animal life that makes up these diverse ecosystems. TgO is involved in a wide range of activity including; boots-on-the-ground habitat management, funding acquisition, we provide liaison between groups and individuals engaged in recovery efforts, grassland restoration, creation and public education. We work with landowners, foundations, municipalities, provincial and federal funding agencies to provide habitat management services and to improve Tallgrass Prairie ecosystems throughout Southern Ontario.
